

Extensive transformation of a prefabricated building

The pilot project to deliver replicable solution for external, internal, energy efficient and functional transformation of a building and implement the transformation of a prefabricated kindergarten

Questions & Answers

Welcome!

We invite you to ask questions by sending an e-mail to ppi@rea-siever.hr.

Answered questions, without the suppliers' details, will be regularly added to this document and published on project web page <https://ppi.koprivnica.hr/en/>.

We appreciate your readiness to participate in our pilot project and we are expecting first questions.
